

PS2A

ELECTRONIC PRESSURE SENSITIVE TAPE DISPENSER

Features and Benefits

- Automatically dispenses and cuts tape to the pre-set length.
- Special adjustable core allows for 1" to 3" tape core sizes.
- Color coded, smooth touch key pad for ease of use.
- Heavy duty 5-foot long electrical cord.
- Grounded for enhanced safety.
- 1 year Warranty on parts and labor.

The PS2A is the new compact table-top Electronic Pressure Sensitive Tape Dispenser that delivers precision with the touch of a button. The dispenser can utilize various pressure sensitive tapes including masking tape, Scotch® tape and strapping tape, making it ideal for sub-assembly areas and small, light package sealing.

Technical Elements

- Dispenser size is 8 ½" L x 5 ½" W x 6" H.
- Compatible with tape widths of ¼" to 2".
- Maximum roll size is 7" in diameter.
- Tape length dispensed ranges from 20mm to 999mm.
- Size indications can be easily viewed by 3 digit LED display.
- Manual override feature for pre-set lengths.
- Centimeter (CM) and Millimeter (MM) keys for length settings.
- Replaceable fuse.
- Power requirements are 110 volts, 60Hz, 18W.

The PS2A will maintain the integrity and superior quality standards that have made Better Packages, Inc. a leader in the Manufacturing and Packaging Industry.
